

# The Church of Saint Ann

A Christian Community in the Roman Catholic Tradition

February 25, 2013

Dear Christine,

Thank so much for the sound panels installed by Sound Management Group in the art room. The difference that they have made is measured by the student's behavior. The whole atmosphere of the room is calmer because we can hear each other. The students can talk across the tables during art class and hear what the other person has said. Even while giving instructions I do not have to raise my voice so that every child can hear and I am repeating instructions less. There has also been a noticeable difference in my own hearing (my ears are not ringing at the end of the day) Thank you again for being so proactive with the sound panels and thanks to Sound Management Group for their fast and efficient installation.

Sincerely,

*Brenda*
